¹ These management qualifications, issued by reputable awarding bodies, will be automatically accepted for statutory membership where the course content is 100% focused on management & business. Where they are not, the Institute may choose to evaluate course content before acceptance. Acceptance is at the sole discretion of the Institute.

² From 1st January 2006 the Chartered Management Institute's higher level qualifications were attributed revised levels within the National Qualifications Framework. Our Diploma in Management previously at Level 4 is now at Level 5, our Executive Diploma previously at Level 4 is now at Level 7. The overall content and therefore the level of demand these qualifications make on a candidate remains the same.
