

INTRODUCING THE NEW LEVEL 7 PROFESSIONAL CONSULTING QUALIFICATION

Are you ready to offer this gamechanger?

From September 2020 the new Level 7 Professional Consulting qualification will be available as a direct route to Chartered Management Consultant (ChMC) status and you can be one of the first to offer this course.

Introduced in January 2020, and already recognised as the professional standard by leading consultancy organisations, ChMC offers:

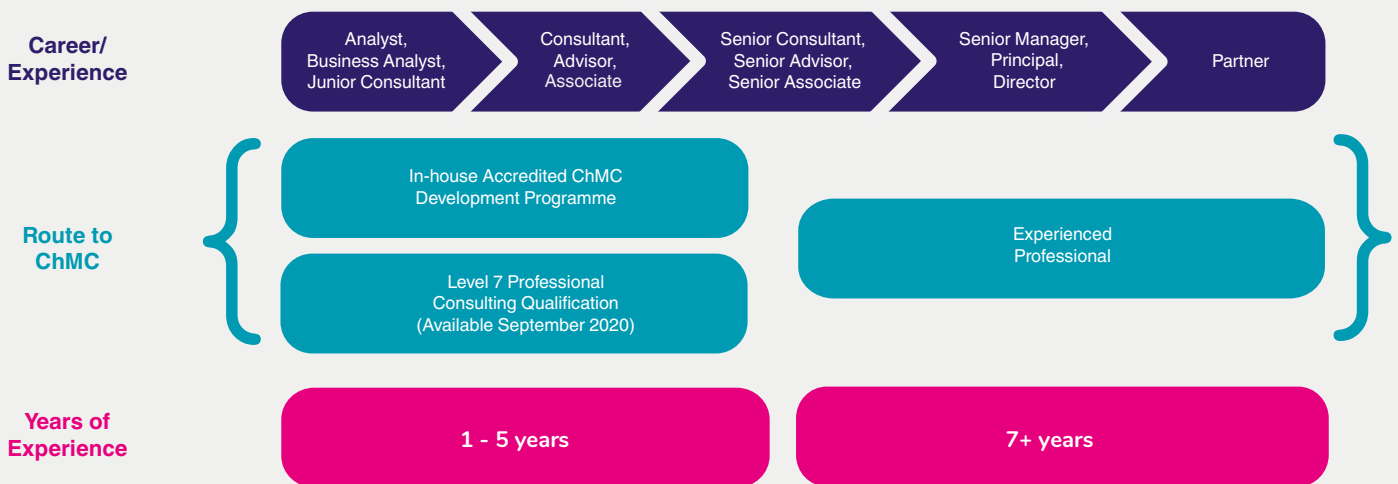

A benchmark for career excellence • Independent endorsement for clients • Personal differentiator

“ Having Chartered status adds credibility to the profession. It will raise standards and the reputation of management consultancy. ”

Gary Mitchell, Atkins

There are three pathways to achieving Chartered status dependent on career stage:

95%

of consultants agreed it helps them demonstrate their professional competence.

74%

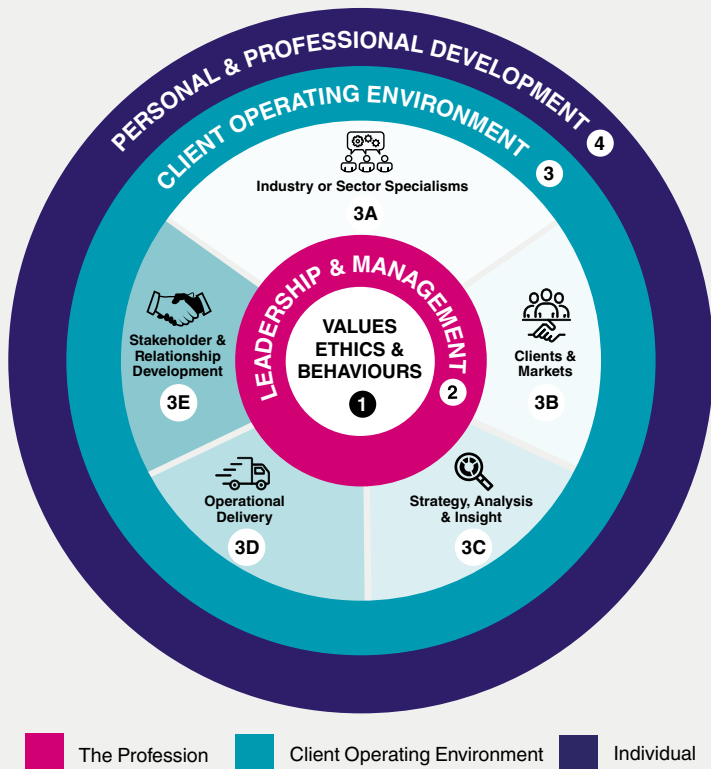

agreed it provides an independent endorsement of professional competence, integrity and credibility to clients.

86%

believe that chartered status has a positive impact of the reputation of their business.

DEVELOPED TO SET AND MAINTAIN THE HIGHEST STANDARDS IN THE PROFESSION

Developed in partnership with the Management Consultancies Association, the Institute of Consulting and leading consultancy organisations, the ChMC Award is benchmarked against a competency framework covering four key components of the profession: Values, ethics & behaviours; the profession itself, clients and individual consultants.

Level 7 Professional Consulting qualification covers all areas of the competency framework in 7 modules:

- Principles of Professional Consulting **1** **3E**
- Leadership in Professional Consulting **2**
- Practise of Professional Consulting **3B** **3C**
- Leading Innovation and Change through Professional Consulting **2**
- Personal and Professional Development for Professional Consulting **2** **3C** **3E** **4**
- Professional Consulting Expertise **3A** **3C**
- Delivering Client Requirements through Professional Consulting **3C** **3D**

“ For our clients having consultants who have Chartered status is invaluable, it helps them to understand who out of the profession actually meets a certain quality standard. ”

Charles Newhouse CIM, BAE Systems, Applied Intelligence

This qualification will replace the existing Level 7 Professional Consulting Qualification and offers training providers access to a market that currently:

- Is a £10bn industry with a 7% growth rate
- Employs over 60,000 management consultants
- Spends in excess of £80m on employee development
