COMPLETION PROCESS OVERVIEW - Qualification

INTRODUCTION

The Chartered Management Institute (CMI) has undertaken detailed mapping of the MOD service courses with a view to recognising them against nationally recognised qualifications. CMI has fully recognised that your Royal Navy - Command, Leadership & Management (CLM) – URNU Leadership Training meets some of the requirements for the CMI Level 4 Award in Management and Leadership.

- The CMI Level 4 Award in Management and Leadership comprises the following unit 4001V1 that total 60 TQT/minimum of 6 credits.

Note: You may register for this qualification but this must be clearly indicated on the Registration Form. Combining qualifications will increase personal cost, though this may be substantially reduced if SLCs can be used.

To acquire the CMI Level 4 Award in Management and Leadership, you must complete and submit the following assignment (4001V1), comprising a number of tasks, and contained in this completion pack.

The qualifications are immediately transferable to, and acknowledged by, the civilian business world as a benchmark qualification expected for a team leading management position. The qualifications are commended to all students as an extremely valuable addition to your in-service qualifications.

Note that you have 9 months to submit your external assignments for marking. It is very important that you contact CMI by telephone: +44 (0) 1536 207496 before this time if you are encountering difficulties (see below).

- **If there is no contact, CMI will default for you to receive the Recognised Status. There are no refunds for lapsed candidates.**

ASSESSMENT GUIDANCE FOR LEARNERS

CMI provides a comprehensive external quality assessment service. Currently all units within the Management and Leadership qualifications from Level 2 to 7 have an assignment brief available.

CMI provides a six week service level on all assignments received.

Learners are required to complete all tasks and Assessment Criteria.

ASSESSMENT GUIDANCE

All work must be submitted in a single electronic document (.doc file). The document must be marked with the learners name, number and unit number. Electronic assignments should be sent to via your CLM Unit Lead who will send it to CMI for marking

The assignment should be your own work and not direct copies of theories or models. Any models described and other quotes used must be properly attributed and referenced as appropriate. Learners must acknowledge or reference any sources that have been used to complete the assignment, listing reference material and web sites used, appendices must not be included.

Learners are encouraged to produce a reflective statement of no more than 300 words (which does not count towards the final word count), describing the value and knowledge gained from undertaking this assignment. The reflective statement is not assessed; however it encourages you to review the value and application of your learning.

PLAGIARISM & COLLUSION

In submitting the assignment the learner must complete a statement of authenticity (included in the Completion Pack) confirming that the work submitted for all tasks is their own and does not contravene CMI policies including word count and plagiarism.

Academic offences, including plagiarism and collusion, are treated very seriously. Plagiarism involves presenting work, excerpts, ideas or passages of another author without appropriate referencing and attribution. Collusion occurs when two or more learners submit work which is so alike in ideas, content, wording and/or structure that the similarity goes beyond what might have been mere coincidence. Plagiarism and collusion are very serious offences and any learner found to be copying another learner's work or quoting work from another source without recognising and disclosing that source will be penalised.

In submitting their assignment for the unit, and completing the relevant statement of authenticity, learners are confirming that the work submitted for all tasks is their own and does not contravene the CMI policies including word count, plagiarism and collusion. CMI reserves the right to return assignments if the necessary statements of authenticity have not been completed.

Learners found to be in breach of these regulations will be reported to the relevant CMI contact for deliberation. The learner will be notified in writing of the outcome of the investigation. In the event that a learner is found to have perpetrated malpractice, the learner will be withdrawn from his/her qualification immediately; fees will not be refunded, the relevant Regulatory Body will be informed and membership of the CMI will be withdrawn.

APPENDICES

Appendices should not be included. All use of tables, graphs, diagrams, Gantt charts and flowcharts should be incorporated into the main text of the assignment. Any published secondary information such as annual reports and company literature, should be referenced in the main text of the assignment but not included.

CONFIDENTIALITY

Where learners are using organisational information that deals with sensitive material or issues, they must seek the advice and permission from that organisation about its inclusion in an assignment. Where confidentiality is an issue, studying members are advised to anonymise their assignment so that it cannot be attributed to that particular organisation.

WORD COUNT POLICY

In total, it is required that your assignment should be between 2500-3000 words. Learners must comply with the required word count, within a margin of +10%. These rules exclude the index (if used), headings, information contained within references and bibliographies. When an assessment task requires learners to produce presentation slides with supporting notes, the word count applies to the supporting notes only.

Where a learner's work has contravened the word count policy, it will be reviewed by the Marker and Lead Moderator before a final decision is made.

REFERENCING & PROFESSIONALISM

A professional approach to work is expected from all learners. Learners must therefore identify and acknowledge ALL sources/methodologies/applications used. The learner must use an appropriate referencing system to achieve this. Whilst marks are not awarded for the use of English, the learner must express ideas clearly, succinctly, and ensure that appropriate terminology is used to convey accuracy in meaning.

INSTRUCTIONS & INFORMATION FOR LEARNERS

The external assignment is set and assessed by the Chartered Management Institute. It is designed to assess your achievement of all the Learning Outcomes and associated assessment criteria in the relevant unit of the qualification you are undertaking.

You should make sure that you plan your work carefully, to ensure that you cover all the requirements of the assignment, and complete it within the time limit specified.

Your statements, in answer to the tasks, need to be prefixed with the specific task number and unit title. This will help you keep on track and should ensure you address the details. Work submitted without a task prefix will be returned unmarked. Your statements should not be just a description of workplace activities but should include what you have learned from your programme of study. In other words you need to show how you can relate what you have learned to day-to-day management activities.

You must submit your work as a single electronic word document (.doc file). You should mark the assignment with your name, learner number, the unit number, BRNC Dartmouth URNU - Royal Navy - Command, Leadership & Management (CLM) – URNU Leadership Training with BRNC Dartmouth - UNRU and a brief description of the context in which the assignment was undertaken. You may include a title page if you wish. You must show a total word count on the front page of your assignment. You are strongly advised to keep a copy of your completed assignment before you submit it for assessment – the copy you submit will not be returned to you. Your assignment may be kept by the CMI for quality assurance purposes. Any assignment not kept for quality assurance

will be securely destroyed.

CMI will assess your assignment, and the result will be sent to you, normally within 6 weeks of receipt by the Institute.

If your assignment is assessed as referred, notification will be sent to you with an indication of the areas to be addressed. You may resubmit an assignment on a further two occasions during your period of registration as a CMI learner.

If there is anything in these instructions or in the assignment itself which you do not understand, please seek guidance from CMI by phone on 01536 207496.

INTRODUCTION

This unit is concerned with the knowledge, skills and behaviours required in order to develop an effective management style.

A.C. 1.1 - Identify models which make suppositions about human nature and behaviour at work

A.C. 1.2 - Discuss how attitudes and assumptions can influence managerial behaviour

A.C. 2.1 - Describe styles of management

A.C. 2.2 - Identify measures of managerial effectiveness

A.C. 2.3 - Discuss links between management style and managerial effectiveness and efficiency

Give examples of how inappropriate styles of management affect the performance of individuals, teams and an organisation as a whole. Where possible use practical examples to illustrate your answer.

Guideline word count: 800 - 850 words

A.C. 3.1 - Describe situations which would require application of differing management styles and behaviour

A.C. 3.2 - Explain the relationship between individual managerial performance and expected organisational managerial performance and behaviour

Aims of unit	This unit is about the skills of effective and efficient managerial style and behaviour. It will assess how managerial styles and behaviour may be adapted in line with organisational expectations.
Good Practice	<p>CMI's Unique Selling Point (USP) is that our centres can deliver and assess our qualifications in a variety of ways, provided the learner demonstrates achievement of the assessment criteria. The best practice details offered below aim to support our USP and at the same time give our centres an idea of the type of evidence of knowledge, understanding or ability that we would wish to see from learners.</p> <p>When assessing this unit please be aware that the learner has to meet all the assessment criteria in order to pass. The unit is written using framework level descriptors and the assessment criteria is at a level 4 level of difficulty.</p>

Learning Outcome 1	
Understand assumptions about human nature and managerial behaviour	
Assessment Criteria	
1.1	Identify models which make suppositions about human nature and behaviour at work
Good Practice	
<p>For this assessment criterion you are required to identify some of the models, of which there are many. You might include some of the following in your answer:</p> <ul style="list-style-type: none"> ● Herzberg – motivational and maintenance factors ● Kolb's learning cycle ● Belbin's team roles ● Action Centre Leadership - Adair ● McGregor – Theory X and Y ● Maslow - Hierarchy of Needs ● Vroom – Expectancy Theory ● John Adair - Action-centred leadership <p>You could provide a brief outline of the selected models.</p>	
Assessment Criteria	

1.2	Discuss how attitudes and assumptions can influence managerial behaviour
Good Practice	
<p>The answer to this question could be far ranging but to give focus you might build upon your answer to 1.1 and explore how personal experiences can affect individuals. This could include:</p> <ul style="list-style-type: none"> • The halo effect • Gender • Race • Background • Education • Length of service • Age • Diversity issues 	
Assessment Criteria	
1.3	Evaluate a model of managerial style in which the manager can apply skills to identify, study and review their patterns of behaviour
Good Practice	
<p>There are many models that can be used in your answer. You are required, however, to evaluate and not just describe a model that a manager can use to study and review their behaviour.</p> <p>You might use one of the following although this is not an exhaustive list:</p> <ul style="list-style-type: none"> • The Managerial Grid - Blake and Mouton • Action Centred Leadership –Adair • Situational Leadership –Blanchard • Ten Management Roles –Mintzberg 	
Learning Outcome 2	
Understand how management style can influence managerial	
Assessment Criteria	
2.1	Describe styles of management
Good Practice	
<p>You might build upon your answer in 1.3 but might also include the following, again using examples to support your response and show a deeper understanding of the various models:</p> <ul style="list-style-type: none"> • The Gods of Management – Handy • A coaching style • Change management style 	
Assessment Criteria	
2.2	Identify measures of managerial effectiveness
Good Practice	

Using your answers from the earlier performance criteria you could build in how you identify managerial effectiveness. This could be linked to a range of performance measures including SMART objectives, agreed KPI's and personal and peer review.

Assessment Criteria

2.3	Discuss links between management style and managerial effectiveness and efficiency
-----	--

Good Practice

Building upon your responses to 2.1 and 2.2 you can use this section to draw the links between effectiveness and style.

Learning Outcome 3

Understand the need to apply a range of management styles

Assessment Criteria

3.1	Describe situations which would require application of differing management styles and behaviour
-----	--

Good Practice

Giving examples from the workplace you should describe specific situations and circumstances but could support your answer through the use of models which could include the models that you have used elsewhere in your assignment. Use of Situational Leadership models might be particularly useful.

Assessment Criteria

3.2	Explain the relationship between individual managerial performance and expected organisational managerial performance and behaviour
-----	---

Good Practice

This assessment criterion requires that you assess the relationship and not merely give a description. Here you can assess the measures given elsewhere in this assignment and also ensure that includes behaviours as these may not have been covered in previous sections of your assignment.
