ASSESSMENT GUIDANCE FOR LEARNERS

CMI provides a comprehensive external quality assessment service. Currently all units within the Management and Leadership qualifications from Level 2 to 7 have an assignment brief available.

CMI provides a six week service level on all assignments received.

Learners are required to complete all tasks and Assessment Criteria.

ASSESSMENT GUIDANCE

Submission directly to CMI EA Marking

All work must be submitted in a single electronic document (.doc file). The document must be marked with your full name, P number and unit number. Electronic assignments should be sent to ea.marking@managers.org.uk

Please note CMI do offer a paper based assignment service for learners that are unable to provide an electronic copy only. Please post the assignment to External Assignments, Awarding Body, Management House, Cottingham Road, Corby, Northamptonshire, NN17 1TT.

The assignment should be your own work and not direct copies of theories or models. Any models described and other quotes used must be properly attributed and referenced as appropriate. Learners must acknowledge or reference any sources that have been used to complete the assignment, listing reference material and web sites used, appendices must not be included.

Learners are encouraged to produce a reflective statement of no more than 300 words (which does not count towards the final word count), describing the value and knowledge gained from undertaking this assignment. The reflective statement is not assessed; however it encourages you to review the value and application of your learning.

PLAGIARISM & COLLUSION

In submitting the assignment the learner must complete a statement of authenticity (included in the Completion Pack) confirming that the work submitted for all tasks is their own and does not contravene CMI policies including word count and plagiarism.

Academic offences, including plagiarism and collusion, are treated very seriously. Plagiarism involves presenting work, excerpts, ideas or passages of another author without appropriate referencing and attribution. Collusion occurs when two or more learners submit work which is so alike in ideas, content, wording and/or structure that the similarity goes beyond what might have been mere coincidence. Plagiarism and collusion are very serious offences and any learner found to be copying another learner's work or quoting work from another source without recognising and disclosing that source will be penalised.

In submitting their assignment for the unit, and completing the relevant statement of authenticity, learners are confirming that the work submitted for all tasks is their own and does not contravene the CMI policies including word count, plagiarism and collusion. CMI reserves the right to return assignments if the necessary statements of authenticity have not been completed.

Learners found to be in breach of these regulations will be reported to the relevant CMI contact for deliberation. The learner will be notified in writing of the outcome of the investigation. In the event that a learner is found to have perpetrated malpractice, the learner will be withdrawn from his/her qualification immediately; fees will not be refunded, the relevant Regulatory Body will be informed and membership of the CMI will be withdrawn.

APPENDICES

Appendices should not be included. All use of tables, graphs, diagrams, Gantt charts and flowcharts should be incorporated into the main text of the assignment. Any published secondary information such as annual reports and company literature, should be referenced in the main text of the assignment but not included.

CONFIDENTIALITY

Where learners are using organisational information that deals with sensitive material or issues, they must seek the advice and permission from that organisation about its inclusion in an assignment. Where confidentiality is an issue, studying members are advised to anonymise their assignment so that it cannot be attributed to that particular organisation.

WORD COUNT POLICY

In total, it is required that your assignments should be between 3500-4000 for unit 501 and 503, however unit 510 is 2500-3000 words. Learners must comply with the required word count, within a margin of $\pm 10\%$. These rules exclude the index (if used), headings, information contained within references and bibliographies. When an assessment task requires learners to produce presentation slides with supporting notes, the word count applies to the supporting notes only.

Where a learner's work has contravened the word count policy, it will be reviewed by the Marker and Lead Moderator before a final decision is made.

REFERENCING & PROFESSIONALISM

A professional approach to work is expected from all learners. Learners must therefore identify and acknowledge ALL sources/methodologies/applications used. The learner must use an appropriate referencing system to achieve this. Whilst marks are not awarded for the use of English, the learner must express ideas clearly, succinctly, and ensure that appropriate terminology is used to convey accuracy in meaning.

INSTRUCTIONS & INFORMATION FOR LEARNERS

The external assignment is set and assessed by the Chartered Management Institute. It is designed to assess your achievement of all the Learning Outcomes and associated assessment criteria in the relevant unit of the qualification you are undertaking.

You should make sure that you plan your work carefully, to ensure that you cover all the requirements of the assignment, and complete it within the time limit specified.

Your statements, in answer to the tasks, need to be prefixed with the specific task number and unit title. This will help you keep on track and should ensure you address the details. Work submitted without a task prefix will be returned unmarked. Your statements should not be just a description of workplace activities but should include what you have learned from your programme of study. In other words you need to show how you can relate what you have learned to day-to-day management activities.

You must submit your work as a single electronic word document (.doc file). You should mark the assignment with your name, P number, and the unit number - and a brief description of the context in which the assignment was undertaken. You may include a title page if you wish. You must show a total word count on the front page of your assignment. You are strongly advised to keep a copy of your completed assignment before you submit it for assessment – the copy you submit will not be returned to you. Your assignment may be kept by the CMI for quality assurance purposes. Any assignment not kept for quality assurance will be securely destroyed.

CMI will assess your assignment, and the result will be sent to you, normally within 6 weeks of receipt by the Institute.

If your assignment is assessed as referred, notification will be sent to you with an indication of the areas to be addressed. You may resubmit an assignment on a further two occasions during your period of registration as a CMI learner.

If there is anything in these instructions or in the assignment itself which you do not understand, please seek guidance from CMI by phone on 01536 207496.

INTRODUCING ASSESSMENT BRIEF CMI 501

Being equipped with the knowledge, skills and behaviours to manage and lead in a variety of organisational settings is essential if an individual and their organisation are to succeed.

Assessment brief **CMI 501** has been designed to enable learners to evidence their ability to understand the impact of an organisation's structure and governance on management and leadership. Learners will evidence how theoretical models, management and leadership approaches and styles can be applied in work settings. They will review the knowledge, skills and behaviours to be effective in the role and propose how a culture of mutual trust, respect and support can be developed in teams.

ASSESSMENT TASKS AND WORD COUNT

Assessment brief 501 features the following assessment tasks. Further detail is provided against each assessment task within the brief.

Guideline word count

The written word, however generated and recorded, is still expected to form the majority of assessable work produced by Learners at Level 5. The amount and volume of work for this unit should be broadly comparable to a word count of **3500-4000 words** within a margin of +/-10%. The excessive use of word count is not grounds for referral, however the CMI reserve the right to return work to the Centre for editing and resubmission by the Learner.

The following are excluded from inclusion in word count, if used and not required by the assessment brief: an introduction to a job role, organisation or department; index or contents pages; headings and subheadings; diagrams, charts and graphs; reference list or bibliography; reflective statement drawn from undertaking the assignment and how this has impacted on the learner's work. Please see the CMI Assessment Guidance Policy for further guidance.

THE PRINCIPLES OF MANAGEMENT AND LEADERSHIP WITHIN AN ORGANISATIONAL CONTEXT

Understanding the principles of management and leadership within an organisational context is dependent on many factors. Managers need to have a thorough understanding of an organisation's internal environment (such as its legal status, structure, management roles, mission and vision and values and ethics). These factors influence

organisational governance and management decision making. Once this is understood managers then need to be able to apply relevant leadership and management theories to different contexts and situations.

A manager who has an in-depth understanding of the principles of management and leadership will have the knowledge to lead and manage individuals, teams and projects in a variety of organisational settings.

TASK 1

You are required to write a **report** entitled 'The principles of management and leadership within an organisational context'. This must be presented in **TWO (2)** sections.

A. The factors which impact on an organisation's internal environment

To complete this section of the report you are required to:

- i. Examine how the **legal status** of an organisation **impacts** on the way it is governed (AC1.1)
- ii. Examine how different **organisational structures** impact on **management roles** (AC1.3)
- iii. Analyse the **purpose** of an organisation's mission and vision statements (AC1.2)
- iv. Discuss the impact of organisational values and ethics on management **decision making** (AC1.4)

B. The application of management and leadership theories in an organisational context

To complete this section of the report, you are required to:

- i. Evaluate the **relationship** between management and leadership (AC2.1)
- ii. Analyse how the use of different **management and leadership styles** impact on individuals and teams (AC2.2)
- iii. Discuss the influence of **culture and values** on the selection of management and leadership styles (AC2.3)
- iv. Examine how management and leadership styles can be adapted in **different situations** (AC2.4)

Guidance for completion of Task 1

- *The report should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.*
- *Your discussion should be underpinned with relevant theoretical principles.*
- *You may include good practice examples from an organisation you know well or have researched.*
- *Please refer to the indicative content for each assessment criteria (AC) outlined in the unit specification.*

THE KNOWLEDGE, SKILLS AND BEHAVIOURS TO BE EFFECTIVE IN A MANAGEMENT AND LEADERSHIP ROLE

What makes a truly effective manager? Extensive research has been undertaken to identify the knowledge, skills and behaviours required by a manager to be effective in the role. When the requirements of a leader and manager are formally stipulated (e.g. within national occupational standards/apprenticeship standards and role specifications) this enables the performance of individual managers to be appraised. It also sets the standard for those aspiring to enter the management and leadership profession.

TASK 2

As part of the organisation's strategy to develop a talent management programme, you are required to create a **profile** of a manager who has operational or departmental responsibilities. The aim of the profile is to present the knowledge, skills and behaviours required to be effective in the management and leadership role.

To complete the **profile** you are required to:

- i. Assess the essential **knowledge** and **skills** required for a management and leadership role (AC3.1)
- ii. Evaluate **factors** which impact on the selection of **communication techniques** required to be effective in a management and leadership role (AC3.2)
- iii. Analyse the core **behaviours** required to be effective in a management and leadership role (AC3.3)

Guidance for completion of Task 2

- Consider how the profile of a manager will be presented. You may present the profile in a format of your choice (i.e. narrative, table, report, or article).
- In preparation to complete this task, take time to reflect on the knowledge, skills and behaviours that are the hallmark of an effective manager. Consider your own management experience or the experience of being managed by others.
- Undertake independent research on the knowledge and skills required for managers and leaders operating at this level within different occupational areas or types of organisation.
- You are **not required** to include every knowledge, skill, and behaviour and communication technique in the profile of a manager you develop. You should focus on those you feel are essential to the role.
- The profile must include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.
- Refer to the indicative content for each assessment criteria (AC) outlined in the unit specification.

BUILDING A CULTURE OF MUTUAL TRUST, RESPECT AND SUPPORT WITH TEAM

The application of knowledge, skills and behaviours can enable a manager to build a culture of mutual trust, respect and support with others. The approach taken by the manager to achieve this goal is dependent on having an in-depth understanding of the organisation, individuals and teams that are managed.

SCENARIO

A staff welfare survey has been undertaken in your organisation. Whilst staff were pleased by the range of staff benefits that were offered to them, the survey highlighted the following areas for concern:

- i. Respondents felt there was a lack of trust and respect between themselves and management.
- ii. Inappropriate speech and behaviour was failing to be recognised or managed effectively.
- iii. Support given by managers was inconsistent. Concerns were raised about the level of micro-management used when they felt “competently able to get on with the job”.
- iv. Respondents complained of a lack of support in their work role in relation to information sharing, problem solving, and encouragement to pursue development/career opportunities.
- v. Not all respondents felt able to raise personal or work concerns or issues with their manager.

A quality improvement group has been formed to review these findings. You have been asked to develop an approach for building a culture of mutual trust, respect and support with teams and individuals which will be used as a basis of discussion at the next meeting.

TASK 3

Basing your response on the scenario or an organisation you know well or have researched:

Write a **proposal** which outlines how you would develop an approach for building a **culture of mutual trust, respect and support** with teams and individuals. (AC3.4)

Guidance for completion of Task 3

- Choose the basis your proposal. This may be based on the scenario given above or a team from an organisation you know well or have researched.
- The proposal may be presented in a format of your choice (i.e. narrative, report, table).
- You are encouraged to consider the use of good practice examples from an organisation you know well or have researched.
- You may include reference to relevant theoretical principles/models/frameworks as appropriate.
- Please refer to the indicative content for each assessment criteria (AC) outlined in the unit specification.

APPROACHES TO MANAGING AND LEADING TEAMS

An understanding of the theoretical and practical approaches to managing teams and individuals is a critical skill for any manager.

SCENARIO A

You manage a department in a large organisation, which has clients in the UK, Canada, USA, and Ireland. It is your first experience of managing multiple teams within a department and you are highly committed to making this new role a success.

The department comprises of 4 teams and provides a range of services and support to its customers.

Departmental Structure	Composition of each team
<i>Team 1 – UK</i>	<i>Team leader</i>
<i>Team 2 – Canada</i>	<i>Team administrator</i>
<i>Team 3 – USA</i>	<i>Call handlers</i>
<i>Team 4 – Ireland</i>	<i>Technical experts</i>
	<i>Finance administrator</i>
	<i>Contractors as and when required</i>

Within each region, the team leader is responsible for managing day to day activities such as work allocation and administration activities such as staff holidays, absence etc.

Because of the difference in time zones across the four countries, there are a number of additional challenges involved in managing each team effectively.

The teams are under pressure to meet demanding deadlines and mistakes have been made. It is unclear whether these have arisen from work pressures or the capability of some team members.

TASK 1

Write a **good practice guide** entitled 'Approaches to managing and leading teams'. The good practice guide will be used by other managers in the organisation and must:

- i. Evaluate **TWO (2) theoretical models** used for managing and leading teams (AC1.1)
- ii. Discuss **practical approaches** for effective team management and leadership (AC1.2)
- iii. Analyse **TWO (2) strategies** for managing team leaders (AC1.3)

Guidance for completion of Task 1

- *Base your response on Scenario A, your own experience of managing and leading teams or use well chosen examples from an organisation you know well or have researched.*
- *The good practice guide should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.*
- *Your discussion should be underpinned with relevant theoretical principles and models.*
- *Please refer to the indicative content for each of the assessment criteria (AC) outlined in the unit specification.*

TECHNIQUES FOR MANAGING AND LEADING INDIVIDUALS AND TEAMS TO ACHIEVE SUCCESS

An important responsibility of any manager is to be able to monitor and manage individual and team performance, develop approaches to respond to the challenges of managing and leading multi-disciplinary and remote teams and recognise good practice in leading individuals and teams to success.

TASK 2

Write an **account** on techniques for managing and leading individuals and teams to achieve success. The account must:

- i. Examine **TWO (2) methods** that may be used to monitor and manage individual and team performance (AC3.1)
- ii. Develop approaches to respond to **THREE (3) challenges** of managing and leading multi-disciplinary and remote teams (AC3.2)
- iii. Examine **good practice** for enabling and supporting individuals and teams to achieve success (AC3.3)

Guidance for completion of Task 2

- Base your response on Scenario A, your own experience of managing and leading individuals and teams to achieve success or use well chosen examples from an organisation you know well or have researched.
- The account should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.
- Your discussion should be underpinned with relevant theoretical principles and models.
- Please refer to the indicative content for each of the assessment criteria (AC) outlined in the unit specification.

ACHIEVING A BALANCE OF SKILLS AND EXPERIENCE IN TEAMS

The success of a team is optimised when the individuals within it have a balance of skills and experience. A manager can support this by knowing how to use techniques to assess current and future team capabilities and requirements and understanding the role of learning and development to achieve individual and team aims.

TASK 3A

Write an **account** and discuss **TWO (2) techniques** used for assessing current and future team capabilities and requirements (AC2.1)

Guidance for completion of Task 3a

- Base your response on Scenario A, your own experience of developing individuals and teams or use well chosen examples from an organisation you know well or have researched.
- The report should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.
- Your discussion should be underpinned with relevant theoretical principles and models.
- Please refer to the indicative content for each of the assessment criteria (AC) outlined in the unit specification.

SCENARIO B

Following a review of the capabilities and requirements of the individuals and teams you manage in a large organisation in the UK, Canada, USA and Ireland, the following training needs have been identified:

Role	Training needs
Team leaders	<ul style="list-style-type: none"> • Approaches to managing change • Management training (either accredited or in-house)

TASK 3B

Write a **report** entitled 'Factors which impact on the selection of learning and development activities'.

Guideline word count

The written word, however generated and recorded, is still expected to form the majority of assessable work produced by Learners at Level 5. The amount and volume of work for this unit should be broadly comparable to a word count of **2500-3000 words** within a margin of +/-10%. The excessive use of word count is not grounds for referral, however the CMI reserves the right to return work to the Centre for editing and resubmission by the Learner.

The following are excluded from inclusion in word count, if used and not required by the assessment brief: an introduction to a job role, organisation or department; index or contents pages; headings and subheadings; diagrams, charts and graphs; reference list or bibliography; reflective statement drawn from undertaking the assignment and how this has impacted on the learner's work. Please see the CMI Assessment Guidance Policy for further guidance.

THE TYPES, CAUSES, STAGES AND IMPACT OF CONFLICT WITHIN ORGANISATIONS

Understanding the types, causes, stages and impact of conflict is an essential management skill.

To manage conflict effectively, a manager needs an in-depth understanding of types and causes of conflict in organisations and their impact.

TASK 1

You are required to write an **account** on the types, causes, stages and impact of conflict within organisations.

Using examples, the account must:

- i. Analyse **types** and **causes** of conflict within organisations (AC1.1)
- ii. Analyse the **stages** of conflict (AC1.2)
- iii. Assess the **impact** of conflict on organisational performance (AC1.3)

Guidance for completion of Task 1

- *You may base your response on your own experience of managing conflict in the workplace or use well chosen examples from organisations you know well or have researched.*
- *Your account should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.*
- *You may base the report on your own experience of managing conflict in the workplace or using well-chosen examples from organisations you know well or have researched.*
- *You may include reference to relevant theoretical principles/models/frameworks as appropriate.*
- *Refer to the indicative content for each of the assessment criteria (AC) outlined in the unit specification.*

INVESTIGATING CONFLICT SITUATIONS IN THE WORKPLACE

Conflict within the workplace needs to be investigated professionally and in a timely manner so that issues can be addressed with the minimum disruption to services.

MINI SCENARIOS

Mini scenario 1	<i>Conflict has occurred between an operational manager and members of the directorate over timescales set for the launch of a new product line. The manager feels the timescales are unrealistic.</i>
Mini scenario 2	<i>A manager repeatedly experiences conflict with her team when allocating work activities or giving feedback on performance. Certain team members use email to challenge all the decisions she makes.</i>
Mini scenario 3	<i>Two members of staff have a very angry exchange in an open plan office over a temporary move of staff to a new office. Offensive language is used by one team member.</i>
Mini scenario 4	<i>External stakeholders feel very angry about the company's proposed changes to services for customers. They feel they have been deceived by the senior management about the level of planned change.</i>
Mini scenario 5	<i>A meeting is brought to a close because of a serious conflict of opinions between team members. One has threatened to involve their trade union in the dispute. The purpose of the meeting was to discuss changes to work duties during the redevelopment of the organisation's offices.</i>
Mini scenario 6	<i>The management team needs to decide who to promote into a new position created to manage a new administrative centre. The choice is between two candidates. One is a long term employee with a proven track record, who is working reduced hours, having recently returned from maternity leave. The other is an enthusiastic graduate who has been working for the organisation for six months.</i>
Mini scenario 7	<i>A popular senior leader, respected for their inclusive/collaborative management approach, has been made redundant as part of a restructuring exercise. The team have been moved to a new directorate. The 'top down' approach taken by the team's new leader is in stark contrast. The managers are angry that their opinions 'no longer count' and their feelings are becoming widely known by the staff they manage.</i>

TASK 2

There are **TWO (2)** options for answering this task. You only need to select **ONE (1)** option.

Option 1: Choose **TWO (2)** conflict situations from the mini scenarios on page 4.

Write a **report** entitled '*Managing conflict situations in the workplace*' which:

- i. Discusses **processes** for investigating **TWO (2) conflict situations** in the workplace (AC2.1)
- ii. Evaluates the use of approaches and **techniques** to resolve a minimum of **TWO (2)** conflict situations (AC3.2)

OR

Option 2: Base your response on **TWO (2) conflict situations** from an organisation you know well or have researched.

Use examples, to write a **report** entitled '*Managing conflict situations in the workplace*' which:

- i. Discusses **processes** for investigating **TWO (2) conflict situations** in the workplace (AC2.1)
- ii. Evaluates the use of approaches and **techniques** to resolve a minimum of **TWO (2)** conflict situations (AC3.2)

Please Note: For option 2, you must identify TWO (2) conflict situations which are different in nature as this will enable you to discuss processes in different contexts.

Guidance for completion of Task 2

- There are TWO (2) options for completing this task. You can either base your response on the mini scenarios shown on page 4, your own experience of managing conflict in the workplace or use well-chosen examples of conflict situations in an organisation you know well or have researched.
- You must clearly state the **TWO (2) conflict situations** you have based your report on.
 - Choose the basis of your report. This may be based on conflict within an organisation you know well or have researched.
- You may choose to include tables and diagrams (as appropriate) to support your discussion.
- You may include reference to relevant theoretical principles/models/frameworks as appropriate.
- Refer to the indicative content for each assessment criteria (AC) outlined in the unit specification.

APPROACHES, TECHNIQUES, KNOWLEDGE, SKILLS AND BEHAVIOURS FOR MANAGING CONFLICT

When conflict is managed poorly, this can result in poor outcomes for those involved and even an escalation of the conflict being managed. Managers must be equipped with the knowledge, skills and behaviours to manage conflict effectively. In addition, managers must also understand the approaches and techniques to resolve conflict in a professional manner.

TASK 3

Write an **account** which analyses the **knowledge, skills and behaviours** required to manage conflict effectively (AC3.1)

Guidance for completion of Task 3

- You are **not required** to include every **knowledge, skill, and behaviours** required to manage conflict effectively. You should focus on those you feel are essential to the role.
- The account should include sub headings. You may choose to include tables and diagrams (as appropriate) to support your discussion.
- You are encouraged to use well chosen examples from an organisation you know well or have researched to support your discussion.
- You may include reference to relevant theoretical principles/models/frameworks as appropriate.
