

# Higher Technical Qualifications (HTQs) with CMI

Delivering high-quality training and skills to succeed in the modern workplace

## Why Choose CMI

CMI HTQs are approved by Skills England as the credible alternative to apprenticeships or degrees - which do not rely on government funding. They offer a flexible, cost-effective solution to deliver the specific skills, knowledge and behaviours that employers need. Learners will gain:

- A CMI qualification that carries a prestigious HTQ Quality Mark
- Exclusive access to valuable CMI learning resources to enhance both knowledge and employability
- Employer-endorsed, practical skills that are essential for driving organisational performance and career growth

## What Employers Say

**67%**

of employers see a CMI qualification as a sign of managerial competence.\*

**76%**

of employers report having greater trust and confidence in trained managers and leaders.\*

“

Working with CMI has enabled us to offer high-quality technical management qualifications that are trusted and recognised internationally. With the CMI HTQ in Operational Management, we are helping individuals develop leadership capabilities needed by employers. CMI's support in curriculum, quality, assessment and marketing has been invaluable.

## Why CMI HTQs

- ✓ **Competitive and agile**  
A faster route to valuable qualifications with high-impact outcomes. Learners complete intensive courses in 9-12 months, balancing learning with existing commitments.
- ✓ **Employer-endorsed, Government-backed**  
Aligned with employer-led standards, CMI HTQs are recognised for their industry relevance and credibility.
- ✓ **Flexible learning**  
Customisable delivery models tailored to individual needs, including full-time, part-time and distance learning.
- ✓ **Skills gap solution**  
Addressing skill shortages, including leadership, strategic planning, and change management while meeting regional employers' workforce needs.
- ✓ **Pathway to progression**  
Clear pathway to Chartered Manager (CMgr) status, ensuring ongoing professional development and career advancement.
