

CMI Individual Case Study Framework – Dual Accreditation – Individual Learner

July 2015

This framework outlines the key information that we need in order to write a case study showcasing your recent qualification, and the benefits its status offers you.

Please be assured that you'll have sight of the case study for approval before publication.

Please provide as much evidence as possible against the following points.

Your goals

Outline the background as to why you decided to register for the course

- Why did you decide to take the qualification?
- What were your goals in taking the qualification?
- What did you want to achieve at the end of the qualification?

The qualification

- Why did you decide on taking your qualification at <enter name of Partner>.
- What type / types of learning were involved? E.g. active learning, coursework, workshops, etc.
- What did you like most about the qualification?

Outcome

- Explain what has changed for you after you completed the qualification. Have you noticed any differences? Please explain.

Contact details
