Dear Member,

The summer holidays are the perfect time to take stock of where we are professionally and think about where we want to be. CMI has a wealth of tools, information and advice to help - and we've just launched our Career Development Centre which can support your learners at any stage of their career. Or if they are looking to broaden their perspectives then they'll love our new CMI Mentoring programme. It's a valuable experience for both mentor and mentee focusing entirely on improving management and leadership.

We'll shortly be publishing a white paper summarising key insights from the CMI Learning Provider conference held on 5 July, looking at the opportunities created by the new trailblazer apprenticeships. More updates are in the story below or for more information on Apprenticeships click here.

Elsewhere this month you'll find important news on the Regulated Qualifications Framework. We've got the latest news from the world of management in the summer edition of Professional Manager - don't forget it's available digitally for iOS and Android devices so it can be read on the move. You'll also find details of our quick Brexit survey looking at the impact on managers and their organisations, our August events and the latest titles in the CMI book club, perfect for inspiring some new ideas by the pool.

We'll be back in September with news of two major CMI research projects and details of – we hope – the long-awaited Apprenticeship Levy. Until then – enjoy your summer.

Kind regards,

Steve Heappey CMgr FCMI
Director of Qualifications & Service Delivery
