

ACHIEVING RESULTS

THE HIGH FLYER

Reetu Kansal CMgr MCMI, Head of Partners and Institutions Assurance, University of London

Reetu Kansal has just won a major promotion – thanks to the skills she learned while getting Chartered.

Chartered Manager has turbocharged my career.

I recently took on a new job as head of partners. It's quite a step up. But the Chartered Manager award has given me the confidence in myself to do it.

I can pick and choose the tools to allow me to manage the team. Chartered Manager makes you manage people well, and empower them.

In the past three years I lost both my parents. Chartered Manager gave me the tools to overcome something that seemed insurmountable.

With Chartered Manager you learn how to enlist support and support others too. It helps you capitalise on change and get the best possible outcome.

Preparing for the award brings periods of self-reflection. It makes you think harder about how you are managing, and how you are being managed by others.
