RECENT EVENTS

The Business of Economics – Meet The Stake-holders. An event jointly sponsored by CMI, UU and InvestNI that focused on the current economic trends, expected challenges and opportunities for growth attracted approximately 80 people from across all aspects of the business community.

Dr Eoin Magennis, Senior Economist at the Ulster University Policy centre, explained the current NI economic situation and future scenarios as the result of BREXIT, FDI and local budget deficit. A lively Q&A session offered the opportunity to examine these scenarios in greater depth. A key OECD finding demonstrated that productivity and management skills of our businesses and managers in Northern Ireland lagged significantly behind that of Germany, GB & USA. When compared with Germany, there was a gap of 34% that needed to be closed! Opportunities for innovation partnerships with UU through Knowledge Transfer Partnerships and other services were also examined. A networking session examined in further detail the opportunities for collaboration with local stakeholders including Causeway Chamber, Causeway Coast & Glens Borough Council, Causeway Enterprise Agency, Department for Economy, Invest NI, Northern Regional College and North Western Regional College.
